Around 2010, David Deryck from Belgium found himself in love with mountain biking. Started with an old mountain bike and going to small local jump spots and skate parks to racing downhill and dual slalom events all over the country and further. It's no longer a hobby now, it's a lifestyle. Ending up on the podium on one of the first races he competed in got him motivated to keep progressing in this sport and never stopped since. "Thanks to the sponsorship of Da Bomb I get to focus on travel and racing as much as I can. All I think about when I wake up is riding bikes!" David. He has the motivation to become one of the fastest guys out there and Da Bomb is helping to make this dream come true. He never gets bored and always with a big smile on a personal quest to become the fastest man out there!

TAIWAN SPONSORED RIDER- JUSTIN

RECOIL CHAIN GUIDE

CGX 3 in 1

- Top chain guide for reduce dropping chain and stable the works
- The great strength firm bash guard is able to resist impacting
- Detachable lower roller for chain tensioner

- Lifting upper slider for chain adjustment

AM/ENDURO	
MATERIAL	Aluminum CNC machined For 9-11 speeds
CHAINRING CAPACITY	28T-36T, ISCG-05 system
WEIGHT	118g

SCG

- Simple outlook & light weight
- Easy installation & adjustment with a single tool (4mm hex)
- No need to remove your crank when assemble or disassemble it
- Anti-drop chain
- Suitable for oval chainring

- Lifting upper slider for chain adjustment

AM/ENDURO	
MATERIAL	Nylon with carbon fiber injection chain guide For 9-11 speeds
CHAINRING CAPACITY	28T-36T, ISCG-05 system
WEIGHT	28g

GSX+X-GUARD

- Compatible with narrow-wide chainring (X-RING)
- Both for BCD104

AM/ENDURO	
CHAIN GUIDE	
SPEED	For 9-11 speeds
BCD	104mm
CHAINRING CAPACITY	30T-36T, ISCG-05 system
WEIGHT	47g
COLOR	Black

X-GUARD	
MATERIAL	AL6061-T6 CNC machined with anodized
WEIGHT	45g

RECOIL CHAIN GUIDE

BGS

- Chaining with bashguard Type (Need to be assembled with bashguard).
- Made by CNC aluminum
- 9-11 speed

- Single speed chain tensioner (RL-5 upgraded type), easily assemble on the derailleur hanger whether axle you're using (QR or axle)
- Frictionless, low vibration & noiseless
- Double spring chain guide design. Adjustable angle makes it a very good chain tensioner

STREET/DIRT JUMP, CHAIN TENSIONER

MATERIAL AL6061-T6 CNC machined Outline spring design

WEIGHT 121.5g

COLOR Black

RL-5

- An upgrade version from RL-4 to adopt springs
- Reflecting higher tension on chaining

STREET/DIRT JUMP, CHAIN TENSIONER

WEIGHT 86g

COLOR Black

9 TO 1

STREET/DIRT JUMP

MATERIAL Alloy(2 spacer) & Cr-moly(a lock ring & 16/18T)

WEIGHT 90.5g

COLOR Black

- Converting a multi-speed bike into a single-speed DJ/Street bike. It is simply to use the original hub with Da Bomb "9 to 1" kits

• Complete assembly

RL-4

STREET/DIRT JUMP, CHAIN TENSIONER

WEIGHT 86g

COLOR Orange

- Adjustment convert a vertical drop-out frame to single speed

JUMPING BIKE KIT

X-RING

- Narrow-wide chainring
- Nut shaped in one piece for 30T sprocket design

CHAINRING

MATERIAL	AL7075-T6 CNC machining with anodized colors
TEETH	30T, 32T, 34T, 36T
